Jurnal: Manajemen, Teknik Informatika & Rekayasa Komputer

Volume 22 Number 2, March 2023

MATRIK Journal is a publication forum for lecturers/researchers/practitioners who contain research results and scientific studies in computer science and informatics. This journal is published three times a year (March, July, and November) and is managed by the Institute for Research and Community Service (LPPM) of Universitas Bumigora.

FOREWORD

The editorial praise goes to the presence of Allah SWT. God Almighty, thanks to whose grace and guidance the MATRIK Journal volume 22 no 2 edition of March 2023 can be completed. This issue presents publications of research results in Information Systems, Intelligent Systems, and Computer Networks. In addition, studies on learning technology based on previous research results are also presented. The editor would like to thank the parties who have contributed their thoughts so that the publication of the MATRIK Journal volume 22 no 2 edition March 2023 can be realized. The editor hopes that the research results presented in this publication can be helpful for readers, especially the academic community.
